

SCHOOL DAY REGISTRATION INFO

PLEASE READ REQUIREMENTS BELOW:

1. You must submit a School Day Registration Form before requesting an invoice/bill, payment can follow later.
2. After we receive full payment we will mail color coded wristbands for students, teachers, and parents. No one will be allowed into the Festival without a wristband- **no exceptions**. Please understand that this is a precaution to protect the students. **Only** bus drivers with their bus driver ID will be allowed admission on School Day without a wristband.
3. The Box Office will be closed to the general public on School Day. However, we will have two windows open at the box office for last minute add-ons- students, teachers, and parents. **Only** the **organizing teacher** can purchase (cash preferred, school check will be accepted) additional wristbands at our Box Office. Organizing teacher must bring their School ID to purchase additional wristbands.
4. Parents/Chaperones arriving separately from the school group will need to be validated by the following to purchase wristbands: an official letter signed letter under the school's letterhead, received in advance (the Wednesday before). This is also a precaution to protect students attending the festival.
5. The Florida Renaissance Festival does not allow cooler, outside food, nor beverages into the festival. An exception is a medical necessity, such as diabetes or gluten allergies. We apologize for any inconvenience.
6. You are permitted to leave the festival and return before closing the same day, but this requires a handstamp from the information booth (by the front gate).
7. Students are welcome to wear their usual clothing or uniforms, although some teachers prefer to have their students' wear school clothing or matching shirts to better spot their students. Students are encouraged to bring some cash for food and beverage, about \$25 should do the trick for a basic lunch and souvenir.
8. Please contact us if you have not received your wristbands by the end of January.
9. **Wristbands that are lost/left behind will not be replaced.**
10. There will be a security check before you can enter the festival, they will be inspecting all bags and running a metal detector over everyone in attendance. This, again, is for the safety of the students.

WE LOOK FORWARD TO SEEING YOU!
